

# Command push button

## M-Desk range

- > Illuminated push button and indicator for dashboard
- > Ø26mm (1.02 inch) active area
- > Unlimited choice of colors and symbols
- > Easy and quick mounting (tool-free)
- > Legendable label by customer

### Mechanical characteristics:

- Operating temperature: -30°C to +70°C
- Service life (push button): 4 000 000 operations
- Protection: IP54 (on front)
- Shock resistance: IK06
- Depth activation (push button): 1.3mm (0.05in)
- Flush or projecting (2.5mm; 0.10in) flat lens
- Connection retention static force: 50N

### Electrical characteristics:

- Operating voltage: 12 VDC, 24 VDC +/- 30%
- Current rating: 1 ... 50mA (LIN, CAN compatible)
- Push button contact: 1 NO
- Plug & Play

### Standards:

- Conception EN 50947-5-1
- Environment EN 60068, EN 60529, EN 62262  
EN 16750
- REACH
- ROHS

### Mounting:

- Manual tightening by nut
- Max tightening torque: 2Nm

### Options:

- Customizing actuator and ring (back lit, logos, colors)
- Legendable labels
- RGB and LIN integrated
