

VACMA Footswitch

Security footswitch

→ «Dead man» function

→ Horn function

Mechanical Characteristics:

- Actuation Force $F < 25N$
- Mechanical service life : 2 000 000 or 5 000 000 operations
- Operating temperature : $-25^{\circ}C / +70^{\circ}C$

Standards:

- Conception IEC / EN 6007
- Shoks / Vibrations IEC / EN 61373
- Fire / Smoke NFF 16-101 & 102, EN 45545-2

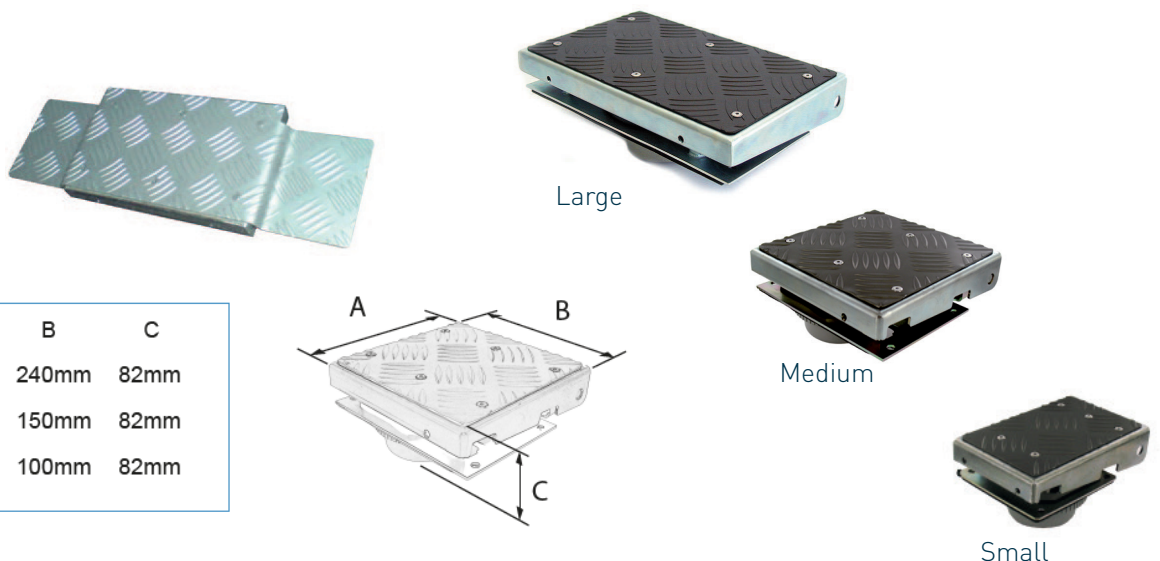

Options:

- Customized foot interfaces
- 3 positions
- Protection : IP54

Electrical Characteristics:

- Depending on contact
- Adaptable for all applications
- Voltage: 24V, 36V, 72V, 110V

Dimensions:

	A	B	C
Large	152mm	240mm	82mm
Medium	152mm	150mm	82mm
Small	152mm	100mm	82mm
