VACMA Footswitch

MAFELEC Creating control and signalling solutions for harsh environments

Security footswitch

- **“ Dead man ” function**
- **Horn function**

A robust solution guaranteed by MAFELEC

Standards:

• **Conception**	**IEC / EN 60077**
• **Shocks, vibrations**	**IEC / EN 61373**
• **Fire / smoke**	**NFF 16-101 & 102, EN 45545-2**

Mechanical Characteristics:

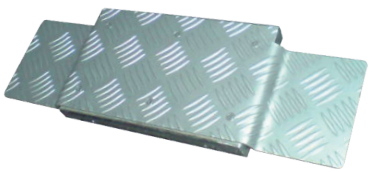

- Force F < 25N
- Mechanical service life : 2 000 000 or 5 000 000 operations
- Operating temperature : -25°C / +65°C
- Protection : IP54

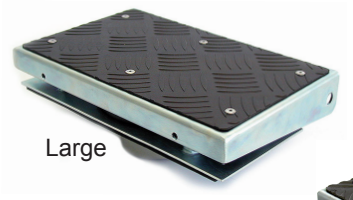

Electrical Characteristics:

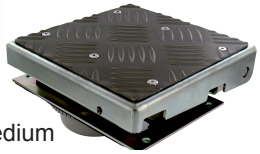

- Depending on contact
- Adaptable for all applications
- Tension: 24V, 36V, 72V, 110V

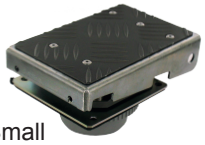

Options:

- Customized foot interfaces
- 3 positions

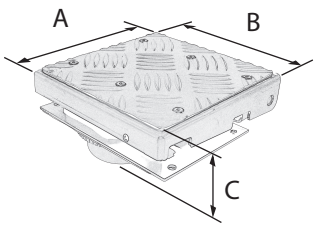

Dimensions:

	A	B	C
Large	152mm	240mm	82mm
Medium	152mm	150mm	82mm
Small	152mm	100mm	82mm
